I've had a massive year with my role on the committee, 2 children, family commitments, teaching and my small business so I have decided to resign from the committee and have some time off. I am sure I will be back!

I had a great time on the committee meeting some amazing and very talented people whilst raising much needed funds for Seabrook Kindergarten - I know that not only will my children benefit from the new purchases and backyard redevelopment but future children who attend will too! I am very proud to say the least ☺
